- A Warning message before un-installing will be displayed on the screen. Click **Yes** to uninstall the software:

![Uninstall Confirmation Dialog](image)

- After this step, **Hard Drive Viewer** setup will start the process of uninstalling the software from the computer system.
- After this **Hard Drive Viewer** will be successfully uninstalled from the computer system. Click on **OK** to close the window.

Uninstall Using Control Panel

Another alternative described here for software uninstall is through Windows Control Panel which holds and maintains all system settings. This alternative is described here just for sake of completeness. You can easily skip this step if done with prior uninstall process.

- Click **Start** and look for Control Panel in start menu appears before you. Find **Add and Remove Programs** within Control Panel. Add and Remove Program generates comprehensive listing of all binaries presently installed on Windows. Find out **Hard Drive Viewer** and double click on it to start with its uninstall procedures.
● Software prompts you either you like to remove **Hard Drive Viewer** and all of its related components. Go for **Yes**.

● Click **OK** to message describing successful uninstall of **Hard Drive Viewer**.
