Using Software Uninstaller

• Click Start button from the Windows menu. Click All Programs »  
  OST to PST Converter » Uninstall OST to PST Converter:

• A Warning message before un-installing will be displayed on the screen. Click Yes to uninstall the 
  software:

![Image of a warning message dialog box]

• After this step, OST to PST Converter Software setup will start the process of uninstalling the 
  software from the computer system.

• After this OST to PST Converter Software will be successfully uninstalled from the computer 
  system. Click on OK to close the window.

Note: For Demo version of our product, at the time of un-installation of the product, 
intentionally/unintentionally by the user or the other source, the product will capture the 
information related to product usage in a text file named: “Error Warnings.log”. This 
information will send to contact@freeviewer.org. The data only contain usage information 
and captured to understand issues (if any) related to product and improve the product 
usage for the other users.

Uninstall Using Control Panel

• Another alternative described here for software uninstall is through Windows 
  Control Panel which holds and maintains all system settings. This alternative is 
  described here just for sake of completeness. You can easily skip this step if done 
  with prior uninstall process.

• Click Start and look for Control Panel in start menu appears before you. Find Add 
  and Remove Programs within Control Panel. Add and Remove Program generates 
  comprehensive listing of all binaries presently installed on Windows. Find out OST to 
  PST Converter and double click on it to start with its uninstall procedures.
• Software prompts you either you like to remove OST to PST Converter and all of its related components. Go for Yes.

• Click OK to message describing successful uninstall of OST to PST Converter.
